SWAMP SPOTLIGHT ON: RAJUN' CAJUN' RICH MARGOPOULOS!

Last issue, I promised you an interview with our superstar writer, Rich Margopoulos. So, without further adieu, Swamptrax Rats!

SCOTT: Hey Rich, how's "by-you"?

SCOTT: True, but I'm just getting even for some of the bad jokes you've subjected me to over the past five issues. But let's get down to business. When you were first contacted by Archie Comics, what aspect of this dynamic adventure concept inspired you to take on this new writing assignment?

RICH: Well, in the past, I had worked on a lot of [illegible] panies including children's story books, color[illegible] books, and activity books. I've always enjoyed working on licensed characters because in my experiences, the company owning the property allowed me a lot of creative freedom to develop characters that had little or no literary development. As you explained in your "Editorials From The Swamp!" last issue, I was given the opportunity to use my creativity to "flesh out" and fully develop some interesting basic concepts provided by Konami without my being locked into a specific story scenario. Konami called Bayou Billy the "rajun' cajun" but they and Archie Comics gave me the freedom to make him a bounty hunter, design his origin, and more.

SCOTT: What type of research did you do before writing the series?

RICH: I'm a big fan of action movies. It's not sur[illegible] the mysterious bayou in New Orleans makes a [illegible] of the "Big Easy" and "No Mercy", both of which were of course set in New Orleans, and which certainly gave me a lot of inspiration. For research, I used the good ol' fashioned public library and contacted the New Orleans chamber of commerce for additional info. They informed me that Choctaw Indians were native to the area, hence my idea to make Tracker half Choctaw), as well as giving me insights to local slang. For example, down in the bayou, they don't say cray fish, they say "crew fish." Boy, that really stinks in my crew!

SCOTT: Man. And you complained about my jokes! On a serious note, what inspired you to write Billy's thoughts in "voice over" captions?

RICH: Basically, "voice over" captions are not [illegible] with and appreciate that character's trials and [illegible]

SCOTT: Did you pattern any of the series character's personalities or appearances after real life people, such as friends, relatives, celebrities, or [illegible]

RICH: [illegible] really take themselves seriously. Sometimes people who become more involved in "who" they are, that is, people who are impressed with themselves, [illegible] what they're missing in life. I wanted Billy and his buddies not to be impressed with themselves, but to realize the severity of the dangerous situations they are constantly placed in. Am I making any sense?

SCOTT: Well... Uhh... Gee, I think so. C'mon Rich, isn't Bayou Billy similar to you in any way?

RICH: I do have steel toed boots... they got the job done!

SCOTT: Uhh... yeah, right. "Next question time." When you were originally designing the series, how did you decide what special abilities you were going to give Billy's pals Tracker, Sureshot, and Broadside?

RICH: Basically, the abilities I came up with were abilities that many people who live in the bayou already have. As I mentioned before, Choctaw Indians are native to that area. Indians have long been revered for their tracking abilities; hence my inspiration for Tracker. Also, there are quite a few people who trap game as well as hunt in that part of the country; hence my inspiration for Broadside and Sureshot. Obviously, I amplified everybody's abilities to give them slightly larger than life heroic [illegible]

SCOTT: [illegible] Billy [illegible]

RICH: Hmm... that's a tough one. I'd have to say Swamp Gas Charlie. He's such an unusual character and that makes him real fun to write. What can I say, other than that "Swamp Gas" is a real fun [illegible]

SCOTT: Takes one to know one!

RICH: Thanks a lot!

SCOTT: Don't mention it! Speaking of villains, what was your inspiration for some of the imaginative concepts you developed for Billy's adversaries?

RICH: As you once again explained last issue in your "Editorials From The Swamp!" most of Billy's opponents had seen little or no character development. In most cases I was simply presented with a name. I decided to make things interesting by developing characters whose premise was the exact opposite of their names. For example, Hurricane Hank became an arsonist, but his name still worked because whenever Hank created a major fire, it would take a "Hurricane" to put it out. When it came to Blackie Blue, I thought his name was so funny and comical, I just had to do the opposite and make him a dark creature of the night.

SCOTT: One final question. Last issue you treated the fans to a story of extreme tragedy, one that I [illegible] witnessed the wonderful marriage of Billy to [illegible] pack to the character of Billy and the series in general?

RICH: To start with, there are essentially very few married heroes in comics. Most heroes are fairly young, just beginning their lives, not really established, and haven't had a chance to settle down with a wife and kids. I wanted to make use of this plot device to show the reader that Billy was so much more than just a wise-cracking, fun loving good natured hero. Here was a man who had already begun his life. He had a beautiful new bride, [illegible] were very much in love. He had a new [illegible] he was thrilled with, his family was "expanding" as a baby was on the way; he even had a new house. Everything was wonderful, and in an instant, it was all taken away. This scenario certainly put the Gordons in the spotlight, and pro[illegible] pursuer. But it accomplished something more important. It gave Billy extreme character "depth". Every time Billy smiles, cracks a joke, or looks tenderly in Annabel's eyes, we the reader, know that something is there. A powerfully motivating albeit tragic force, that transformed a man's soul. Whatever William Jackson West was before Laurie's death, has been irrevocably changed. [illegible] of Bayou Billy, they'll know that there's more to this man than meets the eye. He's not just another tough guy with a couple of good lines.

SCOTT: Well, I certainly learned a few things today. I hope our readers did too. Before we sign off, is there anything else you'd like to talk about?

RICH: Glad you asked. Did I ever tell you the story [illegible] from Mars, while balancing atop a burning hall copier, eating a six foot hero sandwich, and [illegible]

SCOTT: [illegible] a dentist appointment I made last year! C'mon Rich. Anything important you want to say to the readers before we end this interview?

RICH: Yes! Keep on buyin' Bayou-Bye-Bye!

Dear Swamp Sayin's,
I just wrote to say how much I like your comic. Please have more of Swamp Gas "AHHH" Charlie and make this the best Bayou book by making this comic monthly! Please! Please! Please!

"Best Bayou Book"—Gee, sounds like a phrase I ought to "coin"! Seriously though Bob, I'm glad you're enjoying our "swamp stompin'" action. Hopefully, last issue's story satisfied your appetite (at least temporarily) for more adventures with Swamp Gas Charlie. You did buy issue #4, didn't you Bob? Bob?!

Dear Billy,
I started reading Bayou Billy comics about a month ago and must tell you I really enjoy them. I recently bought issue #2 and would like to ask you a couple of things. First of all, what happened to Hurricane Hank? Did he live or die? Will Billy ever find Papa Jambo again? Hopefully I'll find out in an upcoming issue. In the meantime, I'd love to see a massive war with Billy and the gang wasting the Gordons. I've got just one more small question: If Billy buys a house, is it going to be by the swamp? Well, I didn't write just to ask questions, but to let you know that Bayou Billy is my favorite comic. Well, enough from me now.

Hey, Adam! Happy to hear you're enjoying the adventures of America's favorite rajun' cajun'! If you read issue #3, you know by now that Billy's new house is most definitely situated in the swamp—so deep in the swamp that most people can't find it! Last issue, Billy discovered that Hurricane Hank was partly responsible for his wife's death. You can bet your "bayou boots" Billy will be doing everything in his power to discover the fate of ol' Hurricane. Finally, if you've read this issue (you're not one of those fans who reads the letter's page first, are you?!) you've witnessed the return of Papa Jambo, as we slowly, but surely, reveal more of Billy's origin.

Dear Bayou Billy,
I loved "Bayou Billy" No. 3. The fight between Blackie Blue and Swamp Gas Charlie was the best. But one question: is Blackie Blue's crime partner the one and only Joker?

In hope for the next comic,
Kris "The" Reisy

Sorry Kris, but the Joker's dead. Now there's only...Blackie Blue!

Dear Archie Comics,
I've just read Bayou Billy #3, and it is awesome! I think Blackie Blue will be a formidable enemy for Billy in the future. And what's with this "AHHH" Swamp Gas Charlie Gaskill? I think the Gordons hired him to kill Laurie. That's why he keeps escaping. But that's just my opinion. I can't wait to see what Billy's Quest will be about!

Keep it up

Good try Dan, but no cigar! As we discovered last issue, Hurricane Hank's the guilty party. You're in good company though, because Billy had the same wrong guess as you. Hmm... you think like Bayou Billy...you like his adventures...maybe you could be his new partner?! Ask your folks before you go shambling through the swamps, O.K.?!

Keep sending in those cards and letters! Don't forget to write and let us know how you liked this issue and our new villain sensation...the BLACK GATOR!
